

Community

Resource Directory

BY PAUL PADDA LAW

We are pleased to be able to provide our Community Resource Directory. This booklet contains contact information of many great agencies and organizations that provide assistance to people in need. Sometimes life circumstances put us in a position where we need help for ourselves and our families. We are fortunate there are such great people in these community support groups, that can assist. Recovery is our theme at Paul Padda Law. Whether you are one of our clients who have been injured, or simply a member of our community, we are dedicated to helping with recovery. We hope this directory can provide information that is beneficial and instrumental in getting you or someone you know, the support that is needed.

-Paul S. Padda

For more information on the resources listed in this directory visit the Paul Padda Law website below for links to each organization.

It's not about the Injury.
It's about the Recovery.
